

Obamas

In 385 BC Socrates debated a famous Athenian orator named Gorgias. Socrates denounced the belief that convincing people to follow you is not the same as leadership. The current Presidential Election is the perfect example of that. Today, the original Socratic Dialogue titled GORGIAS has been reinterpreted and re-translated into this short work - OBAMAS. Its been over two thousand years, but appearing good is still not the same as being good. Read why Socrates officially endorses Mitt Romney for President.
