

The New Ethics: An Essay on the Moral Law of Use (Classic Reprint)

Excerpt from The New Ethics: An Essay on the Moral Law of Use The obscurity attaching to the subject of ethics as a science and to ethical Education as applied to the bodily or intellectual faculties is an intelligible term. Let us accept the definition of it which seems most commonly approved, that it is, namely, the awakening and calling into exercise of the faculties that are in man and their adaptation to his surroundings. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
